DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Monday, 25 April 2022 at 01:32 Local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: Air pollution levels should be Low across much of the UK today. Local Moderate air pollution is possible in parts of the south and southwest given periods of lighter winds here than of late.

Tomorrow: Mainly Low air pollution is expected, perhaps very locally Moderate in the south.

Outlook: Air pollution levels should remain mostly Low, however areas of Moderate may become more prevalent with time as expected lighter winds should prove less dispersive.
